

# Bean Bar

**Gourmet Roasted Coffee Beans available for you to purchase.  
We can grind your favourite bean on site for you to brew at home!**

**When purchasing coffee from us, it is important to select the right grind for your coffee-making equipment. The various options are listed below.**

#### Filter Fine

Fine Ground for domestic filter machines (percolator or drip) eg. Krups, Melitta.

#### Espresso

Perfect for all electric and lever domestic espresso machines.

#### Moka Express

For stove top espresso makers.

#### Medium Grind

Usually used for commercial pour over machines or old style Cona brew percolators.

#### Cafetière

Also known as french press or plunger coffee makers. Coarse ground.

#### Beans

For people who have their own grinders. Buying in the bean and then grinding when the coffee is needed ensures the freshest possible brew.

#### Unique Espresso - Signature Blend (Available in decaf)

Dark roasted blend. A superb all round blend especially suited to cappuccino and latté. Rounded and richly flavoured with a smooth finish.

#### Caffe Siena - Espresso

Dark roasted blend. One of our premium espresso blends, the Siena is mellow and rounded but with a slight bite to the aftertaste and an aromatic edge.

#### Café De Paris - Original Blend

Dark roasted blend. A rich continental roast, reminiscent of French coffee.

#### Espresso Riserva - Espresso

Dark roasted blend. A pure Arabica blend particularly suitable for espresso. Smooth and sweet with plenty lively undertones.

#### Monsooned Malabar - Original Blend

Medium roasted blend. This delightful coffee from Kerala in India is stored at least seven weeks in open warehouses during the monsoon season. The high humidity levels change the characteristics of the coffee and it develops a smooth and full bodied flavour with very low acidity.

#### Mount Kenya AA - Original Blend

Light roasted blend. Fine, light Kenyan coffee with uniquely sharp flavour.

#### Kenya Peaberry - Original Blend

Light roasted blend. The distinctive shape of the beans gives this smooth and positive coffee its name.

#### Colombian Medellin - Original Blend (Available in decaf)

Light roasted blend. Richly flavoured with full-bodied, slightly acidic undertones.

#### Breakfast Blend - Original Blend

Light roasted blend. Smooth and mild with a medium to full flavour.

#### Brazilian Santos - Original Blend

Light roasted blend. Smooth and medium bodied with very light acidity.

#### Costa Rica San Pablo - Original Blend

Light roasted blend. A very mild and mellow Central American Arabica.
